

2019 EDITION

NEW GEN: INNOVATING FOR SUCCESS

We are living in the age of disruption. Rapid technological progress, pressing environmental challenges and continued socioeconomic change have transformed the way we live and work.

This hasn't made today's generation any less ambitious.

They want to thrive in careers that allow them to explore their full potential, meet their aspirations, and make a visible impact on society.

In a rapidly changing world, we too need to innovate constantly to help them grow.

At JobTeaser, we share your mission to help students and recent graduates explore their strengths, choose their path and prepare for the world of work.

The Career Services Day is a one-of-a-kind gathering of European Careers Services professionals.

Join us in Paris at the 2019 edition to hear from thought leaders on the latest trends in higher education, share best practices in hands-on workshops, and network with your peers from all over Europe. Together, let's drive innovation in careers services for today and tomorrow.

We've got your back.
